

Melodie®

Chosen for the most discerning luxury brands, Melodie is the perfect accent for modern fragrance packaging. It features a discreet, low-profile design and an engine that disappears into the neck, giving your bottle the chance to stand out. Although the pump's look is understated, the technology speaks volumes. Melodie offers soft actuation and comes with pre-compression spray technology for optimal performance. It is also highly customizable. Set the stage by letting creativity flow. Be heard with Melodie.
