**MWV Expands Iconic TS800® Trigger Sprayer Line**

**Highly Successful Sprayer Range Now Extended to Two New Varieties**

RICHMOND, Virginia (February 25, 2010)—MeadWestvaco Corp. (NYSE: [MWV](http://www.mwv.com)) today announced two new products enhancing the company’s expertise in the [home and garden industry](#): **TS800® Arc** and **TS800® Contorno**. Both products are additions to the world’s most popular [trigger spray TS800®](#) used in more than a half billion households a year.

TS800 Arc and TS800 Contorno are ideal for liquid or foam products such as household cleaners, as well as gardening and car care products. The sprayers feature a 0.90 milliliter output and are compatible with 30 different nozzle configurations.

“TS800 Arc and TS800 Contorno are the next generation of MWV’s sprayers, and we’re confident they’ll live up to the tradition of reliability always associated with the TS800 line,” said Guil Lerro, global product manager for Trigger Services, MWV. “These new sprayers not only feature sleeker aesthetics which increase shelf presence but offer our customers greater opportunities for customization; TS800 Arc and TS800 Contorno are now available with a record 35 options for nozzles and several closures.”

While TS800 Arc and TS800 Contorno are similar, they differentiate from one another through distinct shrouds. TS800 Arc’s shroud has improved ergonomics, making it ideal for everyday household products in larger bottles – such as kitchen and bath cleaners. TS800 Contorno is ideal for specialized cleaning, automotive, laundry or car care brands that want a distinct look in the marketplace.

**About MWV**

MeadWestvaco Corporation (NYSE: MWV), provides packaging solutions to many of the world’s most admired brands in the healthcare, beauty and personal care, food, beverage, media and entertainment, home and garden, tobacco, and commercial print industries. The company’s businesses also include Consumer & Office Products, Specialty Chemicals, and the Community Development and Land Management Group, which sustainably manages the company’s land holdings to support its operations, and to provide for conservation, recreation and development opportunities. With 20,000 employees worldwide, MWV operates in 30 countries and serves customers in more than 100 nations. MWV manages all of its forestlands in accordance with internationally recognized forest certification standards, and has been named to the Dow Jones Sustainability World Index for the sixth consecutive year. For more information, please visit [www.mwv.com](http://www.mwv.com).
